

WIMAN MAY APPEAL.

The Extent of His Sentence Will Decide That Point.

The Ex-Financier Says He is as Comfortable as Possible.

He Thinks the Jury Was Prejudiced by Ingraham's Charge.

Stratus Wiman came out of Cell No. 4 on the lower tier at the Tombs this morning, and talked to a group of reporters about his plight. He talked of his conviction of one of the most dangerous crimes against property—forgery—for which he may be sent to Sing Sing prison for ten years, which, for a man already past sixty years of age and accustomed to luxury and refinement, would be equivalent to a life sentence. He spoke in the same smiling, genial way which always made him one of the most agreeable of business magnates to approach in the days when he was handling millions.

"I am very content with my surroundings, such as they be," said Mr. Wiman. "Bad as they are, it is quiet and restful after the months of turmoil and suspense."

"If a jury of my peers is convinced and says that I am guilty, I must submit. But I think their minds were prejudiced by the Justice's view of the case."

"I am sorry Justice Barrett did not try the case. There is something mysterious about that. He said he would try it and had it would in General Term a week, then try me. Had Justice Barrett tried the case, could he have reversed his own decision in the Phillips case against the Connecticut Bank case?"

"He held the cashier had not committed forgery because he had a right to sign checks in the name of his firm. Justice Ingraham said that men would do in a civil case, but not in a criminal case."

"It seems strange to me if a man's liberty is of less importance than the money involved in a civil suit. I must not criticize. I think there is an appeal, but it will depend largely on what the court decides."

"If the Court should decide that I am not a very wicked man, I might accept my punishment and have it over; but I am an old man and cannot afford to go to prison for ten years. I believe that in time I shall be vindicated."

"I don't care for myself, but my dear, good wife and my children—I have four sons and two daughters—they must suffer most, and they are innocent, if I am guilty."

"With all their overhauling of my past life I was struck with the fact that in thirty years of business, in which I handled \$5,000,000, I had never been found guilty of anything but a technical violation of the law. I had never been found guilty of anything but a technical violation of the law."

"The unfortunate Electric Light Company grew out of the Amusement Company, for which the plant was first built. I had been sustained in that I would have cleared \$200,000."

"My enemies came on and forced me to resign in May, 1888, and all the rest followed. I was not allowed to leave the city. I was not allowed to leave the city. I was not allowed to leave the city."

"I had good night, good breakfast. Resting comfortably, after all the worry. Send this coat and night shirt. Love to you all."

"Under the law recently enacted the justice may use discretion in sentencing a prisoner up to the maximum limit, and Justice Ingraham, in consideration of the jury's recommendation of Wiman to mercy, and Wiman's useful life prior to his downfall, may give him a very light sentence."

"Wiman will be brought into court next Wednesday at 10 o'clock. The attorney, when the motion of his counsel for a new trial will be heard and probably decided, after which the fallen financier will be sentenced."

WOMAN AS A DIVER.
Here is One Who Has Explored New York Bay.

One of the bright young women of "The Sunday World" staff put on a diving suit recently and explored the mysterious depths of New York Bay. She will tell to-morrow how it feels to go down to the bottom of the sea and what McGinty said when she met him.

DOWN IN A DIVING SUIT.
The thrilling experiences which men have at times when under water were enough to deter a less courageous woman than Miss McGinty. If there is one thing a woman likes it is plenty of fresh air, and you can't get much forty feet under water.

MUST SHOW CAUSE BY JULY 1.
Justice Gaynor, in the Supreme Court, Brooklyn, this morning granted an order directing those interested in the Union Warehouse Company, of Brooklyn, to show cause on Wednesday next why they should not be permitted to issue certificates for the amount of \$500,000 to meet the debt of the company.

TOURNEY FILES NO CHARGES.

Police Capt. Kitzer Said to Have Assaulted Him.

Commissioner Welles Will Investigate the Trouble.

Ex-Supervisor Claus Tourney, of Brooklyn, did not call at Police Headquarters this morning, as he had threatened, to prefer charges against Police Captain William H. Kitzer, of the Cedar street station, who, it is alleged, threw him out of the station on Tuesday night, because, it is said, he (Tourney) had "tipped" several police dealers that Kitzer intended to raid them.

Kitzer says that Tourney was formerly one of his best friends, and when the Captain heard that many police dealers had escaped through information given by Tourney, he became very angry.

When Tourney appeared at the station-house to give bail for five alleged police dealers, Kitzer ordered him out of the building. As Tourney reached the door Kitzer, according to reports, grabbed him by the collar and accelerated his departure. Tourney denies that he warned the police men, and Police Commissioner Welles said today that he intended to investigate the matter.

"I shall wait a reasonable length of time for Mr. Tourney to complain. If he does not appear I may talk to the Captain privately."

A police station is the one place where a man should be free from the assault and an attack of this character is very serious when made by a policeman against a private individual.

"I shall investigate this matter, but cannot say whether the Captain will be placed on trial or not."

WILL USE DOMESTIC MARBLE.
Suggested by Contractors to Gerry Building Strikers.

A committee of the Board of Walking Delegates conferred at noon today with Manager Bouche, of the firm of Allard & Sons, at the latter's office, Fifth avenue and Thirty-ninth street, in reference to the strike on ex-Commodore Gerry's new house at Fifth avenue and Sixty-first street.

The conference was at the request of Mr. Bouche, who proposed on behalf of the firm, in order to effect a settlement, to concede one-half of the strikers' new house at Fifth avenue and Sixty-first street.

Although the delegates, as well as Mr. Bouche, refused to state what the exact terms of the proposition were, the firm subsequently learned to be that the firm would hereafter use only domestic material on buildings, provided the strikers would thereby be able to place their hands on the subject of the fight in this instance.

The Committee said it was not empowered to accede to such a proposition, and that it would be for the strikers to make their own decision.

STRIKE OF CARPENTERS.
They Were Employed in Remodeling Municipal Hall in Brooklyn.

Twenty-two carpenters who had been working on Old Municipal Hall, 500 Fulton street, Brooklyn, which is being remodelled to be used as a restaurant by Dennett, went on strike today.

The marble work in the building is being done by L. Hilgartner & Sons, of Baltimore. The New York marble-cutters and setters, who were employed by Hilgartner & Sons, their men belong to a Baltimore union.

MONMOUTH, Ill., June 16.—Coxie's Common-lawyers, who are engaged here, threatened to dynamite and seek aid from house to house if they were not cared for. TRAIN BOARDED BY BANDITS.

Two Passengers Robbed Before Thieves Were Frightened.

Outlaws Escaped in the Woods Near Centerville, Ill.

ST. LOUIS, June 16.—Officials of the Air Line alleged that a desperate attempt was made to hold up one of their passenger trains near Centerville, Ill., at an early hour yesterday morning. According to the report made to General Passenger Agent R. A. Campbell, when train No. 4, which left St. Louis at 3 P. M. Thursday, arrived at Centerville five desperate-looking men were seen to board it. Two of them boarded the "blind baggage," and two entered the chair car, while one took refuge in the smoker.

The train was hardly out of the city limits of Centerville before the men in the chair-car made a bold attack upon the passengers. One gentleman, whose name could not be learned, was relieved of \$100, while his companion lost several money bags and a number of valuable papers. The men then apparently became frightened, as they jumped from the train while it was going at full speed. Their comrades, realizing that the train had been deserted by the robbers, followed suit, and an attempt was made to enter the express car.

The train was stopped by the conductor, but it was too late to apprehend the desperadoes, who had already hastily retreated and disappeared in the woods.

POLICE CHIEF SCORED.
He Got a Prisoner Drunk to Secure a Confession.

INDIANAPOLIS, June 16.—Chief of Police B. F. Rose, of South Bend, was scored by Judge Baker in the trial of ex-Carrier Davis E. Boone, in the Federal Court, on the charge of robbing the mails. Chief Rose testified that he got Boone drunk, and the prisoner then confessed. Chief Rose's testimony so disgusted the jury that they refused to convict him.

Judge Baker said that he was not fit to be a public officer in a country town, and that the treatment of Boone was a violation of American liberty, for which, if he had the power, he would administer severe punishment.

FIRE IN A CROWD.
Two Men Killed, and an Illinois Murderer Roughly Handled.

JOLIET, Ill., June 16.—A party of Italians were drinking beer at a wedding in Jeffersonville, Grundy County, when a fire broke out in the hall. Two men were killed, and an Illinois murderer was roughly handled.

The next struck an Italian named Giltio in the left eye, and he was killed. He died in thirty minutes. The crowd attacked and nearly killed the murderer. He was finally lodged in jail.

Arrested as a Suspicious Person After the Bullet Was Extracted.

William Turner, thirty years old, of 13 Bowery, was taken to the Gouverneur Hospital at noon yesterday by James McGinty, a Bowery sufferer from a bullet wound in his right leg. The bullet was extracted, but Turner refused to tell how he came to be shot.

Police men unlocked the cell of a colored horse thief named Shelly yesterday. The prisoner displayed a large butcher knife and demanded that he be taken to the Madison street station. The Central Office was notified, and a check was sent back, but that there was no case against Turner. Sgt. King discharged him.

THE BOY FIRING IN COURT.
George Schiffo, the boy charged with robbing Mrs. Anna Barron, of 432 East Sixty-ninth street, who had been shot in the head, was tried today in the New York Court.

"I Owe My Life To You."
That is a strong statement, yet exactly what Miss Gertrude Sickler, of Wilton, N. J., has written to Mrs. Pinkham. She says: "I suffered terribly with suppressed and painful menstruations. Doctors could only keep me from having fits each month by giving me morphine. This continued until I was completely prostrated."

"My father at last got me a bottle of Lydia E. Pinkham's Vegetable Compound, which at once gave me relief. It did what the doctors could not cure me. I never felt any trouble now, and have no dread of the coming month."

GOLD SHIPMENTS DECREASE.
Export Movement Now Believed to Be About Over.

The steamship Atlas, which sailed for Europe today, carried \$500,000 in gold, shipped by Heidelberg, Liekheimer & Co. This gold was furnished by the National City Bank, and not by the Sub-Treasury, as heretofore.

One house is preparing to ship \$500,000 worth of gold by the steamer Lahn, sailing next Tuesday. But it is believed that the export movement of gold will be able to increase its stock of "free gold."

INDUSTRIALS HAD THE CALL.

Little Trading in Railway Stocks on 'Change To-Day.

Sharp Fluctuations in Sugar and Chicago Gas.

The Stock Exchange presented a dull and desultory appearance this morning. Little was done in the general list, sugar alone attracting attention. It rose 1, to 93-1/2, reacted to 97-1/2, and rallied to 97-3/4.

The stocks of bankrupt properties, notably Atchafalaya and Union Pacific, were lower. The fact that the St. Louis and Valley River line of the Wheeling & Lake Erie have voted to resume work, in accordance with the Columbus agreement, in regard with the steel industry, is expected to lead to a substantial improvement in the bituminous coal trade.

Atchafalaya fell 1-1/2, to 7-1/2, Union Pacific 1-1/2, to 13-1/2, and St. Louis and Valley River 1-1/2, to 14-1/2. The Wheeling & Lake Erie 1-1/2, to 14-1/2, and the St. Louis and Valley River 1-1/2, to 14-1/2.

The industrial group monopolized the attention of traders in the closing dealing, the railway list having been practically neglected. Chicago Gas rose 1-1/2, to 7-1/2, and Sugar 1-1/2, to 97-1/2.

The sales of listed stocks were 31,000 shares. In the unlisted department 12,000 shares of Sugar were traded in. Money 1 per cent. on call. Foreign exchange dull at 487-1/2 to 487-3/4 for bank bills, and 487-1/2 to 487-3/4 for demand.

The changes in the bank averages this week were unusually slight. The exports of gold to Europe were largely offset by receipts of currency from the interior. There was a cash in the banks of \$5,000,000.

The following are the comparative figures for the week ending June 16, 1894:

Imports, exclusive of specie, at the port of New York for the week ending June 16, 1894, were \$2,000,000. The exports of gold to Europe were largely offset by receipts of currency from the interior. There was a cash in the banks of \$5,000,000.

GOFF TAKING ARREST.

More Sensational Testimony Will Be Heard Next Week.

Undecided as Yet When the Committee Will Adjourn.

Denial of the Report that Croker Was Frightened by De Lacy.

Mr. Goff, counsel for the Lexow Committee, is taking a much-needed rest today, and a hard week's work will not until next Tuesday to recuperate, when the investigation will be resumed.

What he has in store for the Senators next week he declines to say, but it is certain that it will be as interesting, if not as sensational, as that which he has brought to their attention during the past five days.

The question as to how long the Committee will continue its hearings before it adjourns for the next week has not yet been decided. Senator Cantrich has made all his arrangements to sail for Europe June 22, and he wants to adjourn for the summer before that day.

Chairman Lexow, on the other hand, has said that he will devote all his time to the investigation right up to the fourth of July, if not later, but it is not likely that he will be supported by the majority.

There is no question but that an adjournment will be taken at the end of the month. Mr. Goff, this morning, declared that he was not in a hurry to go to Europe, but he was not in a hurry to go to Europe.

He was asked if there were not danger many valuable witnesses might be lost during the adjournment, and he replied: "There is no more danger than if we were holding sessions right along. A broad number have secured their own witnesses and can leave the city at any time, whether the Committee is in session or not."

The story has been going the rounds during the last few days that the immediate cause of Mr. Croker's departure was an alleged offer made by Peter De Lacy to go before the Lexow Committee and testify as to his former relations with the police, it being stated that Mr. Croker was unwilling to protect the pool-room interests in this city.

This story was denied to-day by Senator Lexow, as well as by Mr. Goff, neither of whom had received any overtures from Mr. Croker, or any one representing him.

Mr. Croker's statement, reported to have been made by him at Queenstown on the arrival of the Umbria, "I shall remain here indefinitely," was variously interpreted this morning by those who know the ex-boss.

During the last week one gentleman connected with the Lexow Committee, "that statement might be taken to mean that Mr. Croker intends never to return to this country."

DR. PUTNAM NOT ARRESTED.
Nor Can the Rumor of His Indictment Be Confirmed.

No one in the District-Attorney's office was here this morning to deny the rumor that Rev. Dr. James W. Putnam, formerly associate pastor with the Rev. Daniel C. Potter, of the Baptist Tabernacle, 162 Second avenue, had been indicted for criminal libel.

Everybody in the General Sessions Building was reticent on the subject of the case, but it has been known for some time that Dr. Putnam had been indicted for criminal libel.

For about two weeks Roller has, in said, swindled the firm by collecting money and appropriating it, and by obtaining goods and services on credit, which he sold on his own account, securing several hundred dollars.

Choked to Death; but How?
LAMBERTVILLE, N. J., June 16.—There is much comment here regarding the alleged suicide death of Daniel Boyle, of New Hope, N. J., who was found dead in a room at the Hotel Lambertville, June 15, at the age of 40 years. The authorities say Boyle got drunk and choked to death. His relatives declare he met with foul play, and demand an investigation.

NERVE DEATHS INCREASING.

Nervousness an American Disease.

Dr. S. Weir Mitchell believes that nervousness is characteristic of American troubles, and that deaths from nervous troubles have increased in this country. Most of these deaths are due to the use of strong drugs. People devote themselves with opiate, sedative, tonics and cathartics until the nerves are shattered, the stomach is destroyed, the liver becomes torpid and the heart weak. Why pay big doctor's bills to have your system ruined? Munyon's Remedy cures all nervous diseases.

Professor Munyon prepares specifics for every disease, which are sold by all druggists.

Munyon's Dyspepsia Cure cures all forms of indigestion and stomach trouble, and all cases of nervousness due to disorders of the digestive organs.

Munyon's Liver Cure cures biliousness, jaundice, sick headache and all liver complaints. In hot weather it is immediately effective in relieving the "tired, worn-out" feeling caused by a torpid liver.

Nervous diseases promptly cured. Kidney Complaints, Rheumatism, Constipation, Catarrh, Piles, Neuralgia, Asthma and all Female Complaints are relieved by the first treatment and quickly cured.

If you are in doubt what remedy to take call on Professor Munyon for a thorough medical examination. Absolutely free of charge. For examination and advice, open all day and evening. Sun-Set, 144 West 14th Street, between Fifth and Sixth Avenues, New York.

INDICTED HIM FOR PERJURY.
Isaac Alexander Swore Falsely in the Examination of His Son.

It Was Proven that He Drew \$15,000 and Not \$3,000.

Relatives and friends of Isaac Alexander, a silk importer who was in business at 69 Prince street, are making efforts to find bail for him. He is under arrest at Police Headquarters charged with perjury.

The Grand Jury found an indictment against him yesterday, and a Central Office detective arrested him last night at his home, 147 East One Hundred and Sixty-seventh street, where he lived with his wife and family.

Alexander appeared as witness in supplementary proceedings brought against his son, Isaac Alexander, who was arrested some time ago on the charge of obtaining money under false pretenses. During his testimony, according to the assistant District-Attorney Battle, he swore he had not received more than \$3,000 during the last year, and that he was afterwards found that in that time he had drawn from the Chemical Bank \$15,000.

A young man who said he was the son of the prisoner called at the District-Attorney's office this morning to see the indictment. He wept as he read it. "My father has been thinking about putting him away for some time,"

PULLED MCCABE'S BEARD OUT.
Roller Recents His Late Employer's Efforts to Arrest Him.

William J. Roller, of 510 Bayview street, West Hoboken, formerly a city salesman for McCabe & Jentzer, produce merchants, of 840 Washington street, was held for examination in Jefferson Market Court to-day.

For about two weeks Roller has, in said, swindled the firm by collecting money and appropriating it, and by obtaining goods and services on credit, which he sold on his own account, securing several hundred dollars.

This morning Roller, of the produce firm, caught Roller at the Hoboken ferry-house, intending to hand him over to the police. Roller, however, fought, and in the scuffle pulled large handfuls of hair from McCabe's gray beard.

Choked to Death; but How?
LAMBERTVILLE, N. J., June 16.—There is much comment here regarding the alleged
